

XTC-531

USB-C® 2.0 male to male cable with right-angle connector

Highlights

- 10 feet long USB-C® charge-and-sync cable to connect and fast charge your smartphone, tablet, and other USB-C®-enabled devices wherever they are.
- An L-shaped connector on one end to easily plug it into hard-to-reach ports without bending or straining it excessively.
- Durable and flexible construction with nylon braided PVC jacket.
- Transfer speeds of up to 480 Mbps.
